◀ Back to Privacy

On Facebook, your name, profile picture, gender and networks are visible to everyone ([Learn Why](#)). Also, by default, apps have access to your friends list and any information you choose to share with everyone.

You can change what you share with apps using these settings:

Apps you use

You're not currently using any apps, games or websites.
Visit the [apps dashboard](#) or [games dashboard](#) to get started.

Edit Settings

 [Turn off](#) all platform apps.

Info accessible through your friends

Control what information is available to apps and websites when your friends use them.

Edit Settings

Game and app activity

Who can see your recent games and app activity.

 Only Me ▾

Instant personalization

Lets you see relevant information about your friends the moment you arrive on select partner websites.

Edit Settings

Public search

Show a preview of your Facebook profile when people look for you using a search engine.

Choose Your Privacy Preferences • Apps, Games and Websites

[Back to Privacy](#)

On Facebook, your name is public by default, apps have access to your name.

You can change what you share with apps and websites.

Apps you use

Turn Off Platform Apps and Websites

Are you sure? Once you turn off platform apps:

- Information and settings you've saved to apps and websites may be permanently deleted.
- Your friends won't be able to interact and share with you using apps and websites.
- Instant personalization will also be turned off.
