

Photos: suggest tags

This helps your friends label and share their photos and makes it easier to find out when photos of you are posted.

When photos look like me, suggest tagging me

This feature uses a comparison of photos you're tagged in to suggest that friends tag you in new photos.

You're always in control of your tags on Facebook:

- Only friends can tag you in photos
- We'll notify you when a friend has tagged you
- You can remove a friend's tag at any time
- Tag suggestions are based only on photos you've allowed yourself to be tagged in
